Banquet, Program and Dance

Honor Lomond Students At Closing Exercises

The evening of May 23, marked an unforgettable event in the lives of grades nine and twelve students of Lomond School, as they and their parents and friends assembled in the Community Hall to take part in the impressive closing exercises sponsored annually by the Lomond Home and School Association. A total of 76 guests, consisting of the students, their parents and teachers, and a number of other visitors and distinguished speakers, were honored at a banquet, served in the attractively decorated hall kitchen by the mothers of the grades eight and eleven students. Rev. Foster gave the invocation, after which the delicious cold turkey and ham supper was served and enjoyed by everyone present.

R. Ruggles, acting as toastmaster for the evening, proposed a toast to the Queen and added a touch of humor to the occasion by including some amusing comments of his own. A toast to the class was given by A. McAlister and ably responded to by Miss Beverley Humphreys. Following this, Keith Johnstone proposed a toast to the Lomond Home and School Association, responded to by Mrs. F. Crawford. Other toasts included a toast to the teachers by Ronald Fraser, and responded to by Mrs. M. Liebreich; a toast to the senior class by David Armstrong; a toast to "Ma and Pa" by Carol Ruggles, and a toast to "Us" by Ramon Cortz.

Following the banquet, the guests moved to the main hall, where the closing exercises were held, commencing at 8:30 with the honored students and other participants in the program, entering to the strains of processional music, played by J. Merrick. After the singing of "O' Canada," M. Liebreich, acting as chairman gave a few words of welcome to those assembled, and got the program under way by calling upon grade nine student, Lenny Wong, to give the Salutatory Address. This was followed by a class poem, "The Great Adventure," recited by Frank Ruggles; a piano duet performed by grade eleven students, Loretta Teasdale and Marlene Koch; and an amusing monologue, "Our School," given by Donald Crawford.

At that time, a most interesting and enjoyable talk was given by the guest speaker for the evening, Dean Cousins of the Lethbridge Junior College. Mr. Cousins stated that Russia's Sputnik has done more for the cause of education in the Western World than has any educator in the whole of the United States and Canada. He also expressed the belief that, although a relatively low percentage of Canadian people between the ages of 18 and 21 are now attending college, our increasingly high birth rate may do much to increase the number of University graduates within the next few years. He felt, however, that ridicule of the better students by those of less ambition or lower intelligence, is a definite handicap to the production of well-educated citizens at the present time. Mr. Cousins also submitted some timely information about the Lethbridge Junior College, its purpose and the types of courses offered there.

Following Mr. Cousin's address a most pleasant musical interlude was given by Mr. Merrick at the piano; the valedictory address was given by Miss Beverley Humphreys, and a solo was rendered by James Teasdale. The program was concluded by some pertinent remarks given to the students by Home and School President, Mrs. L. Huff, and by the traditional presentation of school rings to Grade 12 students, Beverley Humphreys and Frank Ruggles, and pins to those in Grade 9. A lovely bouquet of spring flowers was presented to Mr. and Mrs. M. Liebreich as a token of the community's appreciation for their help and guidance to the students throughout the year.

At that time, the photographer, Mr. Leuhr of Taber, took a number of photographs of the honored classes.

The evening was brought to a successful close by a public dance in honor of the students, music being supplied by Fraser's Orchestra.

Two Arrowwood Nurses Get Awards

At the Holy Cross Hospital Commencement Exercises held Sunday, May 11, from the Southern Alberta Jubilee Auditorium, Miss Danelle Williams won the award for Best Bedside Nurse given by Sister Superior and Sisters of the Holy Cross Hospital. Miss Marvina Beagle (Mrs. Doug Phillips) received the Stevens Company Award for Proficiency in Aseptic Technique. These girls were chosen from a class of 42 graduates. Mayor Don McKay of Calgary presented the awards. Both girls were born and raised in the Arrowwood district and received their education there before entering nurses' training.

Neighbors Ready When Needed

That the spirit of neighborliness still exists was demonstrated recently at the Walter Mix farm.

Mr. Mix had the misfortune to badly injure a leg, while branding cattle, necessitating it being put in a cast. As anyone who has farmed for a living knows there is a season for seeding and it cannot be put off. Well, the neighbors of the Mix family didn't hesitate, but with several outfits pulled onto the farm and made short work of the weeding and seeding. In no time all the acreage was sown and well worked before hand.

The kindly ones who loaned their outfits, in most instances accompanying the machinery themselves were Walter Dann, Lawrence Orchard, Fred Geschwendt, Art Fitzpatrick, (with Rock Moran as the workman), Pete Fritzler (whose outfit was operated by his son, Richard), Bud Siler, Alex Fritzler, Richard Myers and Ernie Bowie. It is in times of need that one really finds his friends and the Mix family is most grateful.

67th Anniversary Of Lomond Couple

Mr. and Mrs. Dennis Williams of Lomond celebrated their 67th wedding anniversary on Sunday, May 18. A very enjoyable day was spent at the home of the grand couple in Lomond, with a total of 43 relatives and friends signing the guest book.

It is always a double celebration as the occasion is also Mr. Williams 87th birthday.

Grandma and Grandpa Williams, as they are better known, are still very active with Grandpa doing all his own gardening this year.

Congratulations and best wishes are extended to this wonderful couple and their many relatives and friends wish them many more happy years together.

Out-of-town guest for the occasion included Mr. and Mrs. E. M. Benson, Miss Joyce Caufield, Mr. and Mrs. H. O. Webster, all of Calgary; Mrs. Kennedy of High River; Mr. and Mrs. Ross Kennedy of Brant; Mr. and Mrs. Vern Williams and Mr. and Mrs. Glenn Sealock and family, all of Armada.

Old Car Is Fire Casualty

The Vulcan Volunteer Fire Brigade was called out to extinguish a car fire at 7:20 last Friday night. An Oldsmobile on the Jim Yee property, west of the Calgary Power office, for no known reason, caught fire.

While there was a potential seriousness in the blaze, the fact that the car was ancient enough to have runing boards and old-style from-th-floor gear shift, plus the knowledge that the only other objects near-by in any danger, were a couple of out-houses, the type of which were in vogue in the same era as the car, gave onlookers a more humorous view to the fire than is usually the case.

Main protest from the fire fighters was the time picked by the car for her "passing." A couple had to charge in from centre field at the ball diamond, others likely came from the golf links, while others were in that after-supper daze on the back porch, when the call came. The car was considered a total loss.

Drop Close One To Champion

Elks Win and Lose In Foothills League Games

The first week of league play in the Foothills Baseball League saw the Vulcan entry sponsored by the local Elks Lodge down Blackie by a 12 to 5 count Wednesday, then lose a thriller to Champion here Sunday with a final score of 7 to 6.

Wednesday's game saw Vulcan with just too much power for the Blackie squad as they scored eight runs in the second inning and coasted to victory in an abbreviated contest. Dave Mitchell led the local attack banging out two triples and two singles, while Ken Jesse tripled and singled twice, with Al LaPlante driving out three singles.

Ken Gatenby connected for the club's first home run of the season and also added a single. Mike Jantzie was the winning pitcher, giving up just two runs in the first six innings. Robbie Thomson allowed only three runs during the remainder of the game.

Sunday's game saw the local crew go ahead two to 0 at the end of the first but Champion came back to tie and take the lead in a see-saw battle that was never over two runs apart. Although the Vulcan crew out-hit Champion 12-10, they were unable to get the runs.

Mike Jantzie pitched the complete game for Vulcan, being tagged for the loss while Bob Shearer was the winning pitcher.

Tinio Passoli was the big man with the bat for Champion, getting five straight hits.

Dave Mitchell blasted a home-run for Vulcan in a losing cause.

Vulcan journeys to Enchant on Wednesday, to play there and will host Lomond in Vulcan on Sunday, June 1, at 2.30 p.m. for their next game.

Mike Makortoff Dies At Age 72

Funeral services for Mike Makortoff, who died at Vulcan on May 20, were conducted on Thursday, May 22, with interment in the Shouldice cemetery. Pall bearers were members of the immediate family.

Born at Orlovha, Russia, in 1886, Mr. Makortoff emigrated to Canada in December, 1898. He lived in Saskatchewan until 1909, when he moved to Brilliant, B.C. In 1923 he moved to Shouldice and in 1927 to the Reid Hill district, where he had resided since. He had been in failing health for some time.

Surviving are his wife Molly; three sons, Pete and Nick of Vulcan and Joe of Grand Forks, B.C.; one daughter, Nora (Mrs. Kulash) of Lethbridge; two step-sons, John Salken of Vulcan and Mike Salken of Vancouver; ten grandchildren, and one brother, Pete, of Vulcan.

Brownies and Guides Inspected

District Commissioner Mrs. Leitch and District Camp Advisor Mrs. Betton, both of High River, inspected both Vulcan Brownie Packs Monday afternoon of this week and the Girl Guide Company, under Capt. Graham and Lt. Larkins, Monday evening.

Mrs. Betton gave a most interesting talk on camping and badges were presented to Guides Valerie Richardson and Fay Love.

Rain Needed

Hot, dry weather continues and a good, soaking rain would be very welcome. May has been an exceptionally dry month, the only moisture received being one shower that brought from two-tenths to four-tenths of an inch of rain over the district.

Seeding is practically completed but moisture is needed for germination of late-sown seed.

One Dead, Five Injured In Car-Truck Collision Monday

A car and truck collision at a road intersection three miles east of Champion at about 8:30 Monday evening, resulted in the death of Mrs. Minnie Radke, 54, of Portland, Ore., a passenger in the car. Mrs. Radke was instantly killed when the car in which she was riding collided with a half-ton truck driven by Harold Fath of Champion.

Driver of the car, Gustave D. Radke of Portland, husband of Mrs. Radke, and three other passengers, Mr. and Mrs. Gordon Russell of Granum and their son Billy, 10, are all in Vulcan hospital, as is Mr. Fath. Mr. Radke was seriously injured and is reported to be in fair condition. Mr. Fath suffered multiple lacerations and shock, as did all three members of the Russell family.

Const. John Wood, RCMP, of Vulcan, is investigating the accident and Corner Dr. A. D. Tompkins has announced an inquest will be held.

Promotion For Ross Clifford

Ross Edward Clifford, a native son of Vulcan, has been named Superintendent of Martin Paper Products Calgary branch.

Ross joined the Martin firm in 1951 as an engineer after serving for seven years with the Royal Canadian Navy. Previous to obtaining his engineering degree he had been a mechanic's helper and had worked his way up to a head mechanic's position. He is now a member of the Institute of Power Engineers.

Ross is married and has one five-year-old daughter.

Babe Ruthers Win Four Straight

The Vulcan Lions squeaked by a determined Barons Club to the tune of 3-2. Barons, scoring two runs in the first inning, kept the Vulcan Club at bay until the third inning when Houlton walked, Graham singled and Mel Schumacher tripling, bringing in the other two runners.

It was not until the sixth inning that Vulcan could score its last run. Barry Deal walked, stole second and third and was then sent home when Collier blasted out a single.

Vulcan won its fourth game by upending Milo 17-5. Vulcan smashout 14 hits while allowing the home team only four.

Nearly all the Vulcan players made the hit column, but were lead by Brian Ericksen with four safeties, Barry Deal with three singles and Mel Schumacher with two doubles.

Vulcan Boys' Teams On Top

After two weeks of play, the standing of the Babe Ruth and Little Leagues show Vulcan teams sitting on top of both leagues, though all results have not yet been turned in. In the Babe Ruth section the Vulcan Club have won their first four starts, defeating Brant, Carmangay, Barons and Milo, while in the Little League division the Vulcan Yanks have a 3 won, 1 lost record. In their last game on May 26, they won 5-0 over Carmangay, with Joe Boutland pitching a neat two hitter and walking none for the win. Brant defeated the Vulcan Giants 4-2, in a real close game, with Wayne Green of Brant allowing seven hits, striking out eight and winning his own ball game with a three-run homer in the second inning. Schumaker was the losing hurler for Vulcan.

Other results turned in were: Carmangay 10, Vulcan Giants 5; Barons 7, Carmangay 6; Carmangay 14, Brant 3, and Vulcan Giants 10, over Vulcan Yanks 9.

Games of next week are Monday, June 2: Vulcan Giants at Vulcan Yanks; Brant at Barons; Carmangay at Champion.

Thursday, June 5: Vulcan Yanks at Champion; Brant at Carmangay; Vulcan Giants at Barons.

Vulcan Babe Ruthers play June 3, at Carmangay and June 6 at Barons.

Free Country

"It's a free country!" we are apt to say—or hear said—on occasion, without usually, giving much thought to the profundity of this particular observation.

Free it certainly is. We have our problems, but (though there is ever need for vigilance) we can rejoice that Canadians have as much individual freedom as any people in the world today; and a good deal more than most.

We are free, among other things, to worship and vote as we please: to express our own opinions, however eccentric, and to read and|or hear those of others; to move from one place to another without hindrance; to change our jobs at will; to go into business for ourselves; to leave the country and return to it as and how we choose. And, let it never be forgotten, we are free from wrongful arrest or detention without charge or trial.

These are the basic freedoms, and there are millions of men and women who do not have them even in this twentieth century. They were won for us by other men in other centuries and at great personal sacrifice.

Nothing is asked of us, save that we prize them and guard them jealously, for they can be lost more easily than they were gained. —"Industry"

Wild Oat Control

Weeds cause an average loss of about $1,000 per farm or $5.00 per seeded acre in Alberta. A large contributor to this bill is our No. 1 weed, the pesky wild oat.

Cultural control is the only economical and practical method for controlling this weed where cereal crops are grown. Delayed seeding is the best method in coping with the current crop of wild oats. Till the surface to a depth of not more than four inches early in the spring to aerate the soil and promote germination of wild oats, advises W. Lobay, supervisor of Soils and Weed Control for Alberta. Repeat tillage in dry hot weather when maximum growth is obtained. In most localities seeding can be delayed until the first week in June if necessary. Care should be taken to avoid tilling below four inches otherwise fresh wild oat seeds will be brought up to the surface to further infest the crop. If soil is moist, seeding should be done as shallow as possible. An early maturing barley, seeded at a slightly heavier than normal rate, and an application of a suitable fertilizer will help to ensure best possible results.

Another control method is that of post seeding cultivation. Rod or cable weeders and harrows can be used to advantage here to destroy wild oat plants after the crop has been seeded. Seeding should be done a little deeper than normal and cultivation should begin when the sprout on the grain crop is about one-half inch in length. The surface soil should be dry during cultivation and the weather bright and warm.

Chemical control of wild oats is not feasible at present in cereal crop production.

BRITISH FARM PRICES

The British government recently announced average guaranteed farm prices for the 1958 season. In most cases, prices are about the same as last year although farmers were encouraged to increase production of beef, lamb and feed grains and reduce the outturn of milk, eggs, pig meat (pork) and wheat. A few of the average guaranteed support rices are the equivalent of: wheat $2.06 per bushel; barley $1.70; oats $1.14; rye $1.51; fat cattle $19.20 per cwt., liveweight; pork $30.65 per cwt., carcass weight; eggs 55.9 cents a dozen; milk $4.30

38c SLUMP

I'm a great believer in advertising, so perhaps I've grabbed at this story because it proves my point.

Alan Donnahoe, a tough-minded newspaper man, took a sharp look at the business slump in the United States (the same one that has been reflected here) and boiled down to figures we can all understand.

Consumer spending dropped a billion dollars. Sounds like a lot, doesn't it, But when you shake it up and look at it, it means only 38c per family per week. American families tightened their purse strings to that extent — and stores quickly began to liquidate their inventories. Americans weren't tightening purse strings because they didn't have the money — they were adding to their net savings at the rate of 20 billions a year.

What is needed, then, to start things humming again in the U.S.A. and Canada?

Very simple, says Donnahoe. If every family starts to spend at the old rate again — another 38c per week — we're off and running.

Now this may be an oversimplification of the problem. Simple or not, it makes a great deal of sense. and it presents a challenge to those who are in the business of advertising — whether buying it, selling it, or writing it.

I visited a small Manitoba town the other day where business is humming. This town, Steinbach, hasn't a very large population, but it has all the zipp and zest of a city. Store fronts are bright, there are smart advertising signs everywhere, and the local weekly newspaper is full of clever advertising. I doubt that the merchants of Steinbach pay much attention to recession talk.

Advertising has helped this town, there is not a bit of doubt about that. Advertising can do wonders —I've seen it happen again and again. It bothers me when people who should know better treat advertising with disdain, or attack it as "commercialism."

I belive it is time we all stopped advertising the so-called recession. Instead we should start to advertise our tremendous resources, our abundance of good thing, and our faith in a big future for Canada. Gloom, lack of confidence and fear are the only things that can stop us. Confidence, good advertising and smart merchandising can keep the wheels spinning in any community. After all, it was only a 38c slump. Let's trade it in on a 50c boom!
